FULL-STACK DEVELOPER

As a seasoned full-stack developer specializing in the PERN stack - PostgreSQL, Express.js, React.js, and Node.js - Eager to get a hands-on experience and a passion for crafting robust web applications. My track record includes development of dynamic platforms, optimizing database performance, and leveraging cutting-edge technologies to deliver seamless UX. With a keen eye for detail, exceptional problem-solving skills, and a collaborative mindset, I thrive in fast-paced environments where innovation and excellence are paramount.

SKILLS

JavaScript	Node.js	Problem Solving
React.js	PostgreSQL	Critical Thinking
Express.js	Tailwind	Code Testing

PROFESSIONAL EXPERIENCE

BlocTech Solutions

Junior Front-End Developer   **Aug 2023 - March 2024**

At BlocTech Solutions, I embarked on an enriching journey as a Junior Frontend Developer, where I honed my foundational skills in web development. Through hands-on projects and mentorship, I gained proficiency in HTML, CSS, and JavaScript, laying a solid groundwork for my career in software engineering. Additionally, I was introduced to the fundamentals of React.js, setting the stage for my continued growth and exploration in the dynamic field of frontend development.

PROJECTS

Netflix Clone using React and Firebase
Gihub Code - **Live Demo**

Weather App using Vanilla Js
Github Code - **Live Demo**

Dictionary App using React and Dictionary API
Github Code - **Live Demo**
